All is energy, thoughts and emotions too. We vibrate on a certain level and the reason we need to look at this now is the vibration in which our Earth is now vibrating. We need to adjust our level in order to feel good in the very near future. It is also important to be aware of vibrations when creating our own reality, whether it is about health, wealth or joy. This is about Law Of Attraction.

Higher Awareness is the place to be if you would want to focus your time and energy on this work with yourself and with us all. We have great tools to help you in this work. Welcome!
